

# EUROPEAN MUSCULOSKELETAL REVIEW

Established: September 2006 Frequency: Quarterly

## Aims and Scope

- *European Musculoskeletal Review* enables time-pressured physicians to stay abreast of key advances and opinion in musculoskeletal practice in Europe.
- *European Musculoskeletal Review* comprises balanced and comprehensive articles written by leading authorities, addressing the most important and salient developments in the musculoskeletal field.
- *European Musculoskeletal Review* endeavours to support physicians, clinicians and related healthcare professionals in continuously developing their knowledge, effectiveness and productivity. The editorial policy has been designed to encourage discussion among this peer group.
- Comprehensive bibliographies for each article mean that *European Musculoskeletal Review* is an informative and valuable reference tool for use throughout the year.

## Structure and Format

- *European Musculoskeletal Review* is a quarterly journal comprising review articles, case reports, practice guides, theoretical discussions and original research.
- The structure of each edition of the publication comprises section categories determined by the Editor. The degree of coverage assigned to each category is the decision of the Editor, and in part reflects the views of the Editorial Board.
- Articles are fully referenced, providing a comprehensive review of existing knowledge and opinion.
- Each edition of *European Musculoskeletal Review* is replicated in full online at [www.touchmusculoskeletal.com](http://www.touchmusculoskeletal.com)

## Editorial Expertise

*European Musculoskeletal Review* is supported by various levels of expertise:

- Guidance from an Editorial Board consisting of leading authorities from a variety of musculoskeletal disciplines.
- Invited contributors are recognised authorities from their respective fields.
- Peer review – conducted by experts appointed for their experience and knowledge of a specific topic.
- An experienced team of Editors and Technical Editors.

## Peer Review

- On submission, all articles are assessed by the Editor to determine their suitability for inclusion and appropriateness for peer review.
- The Editor, following consultation either with a member of the Editorial Board or the author(s), identifies appropriate reviewers, who are selected on the basis of their specialist knowledge in the relevant area.
- Following review, papers are either accepted without modification or returned to the author(s) to incorporate required changes. The Editor reserves the right to accept or reject any proposed amendments.

## Submissions and Instructions to Authors

- Contributors are identified and invited by the Editor with the support of the Technical Editors and guidance from the Editorial Board.
- Following acceptance of an invitation, the author(s) and Editor formalise the working title and scope of the article.
- Subsequently, the Editor provides an 'Instructions to Authors' document and additional submission details.
- The Editor is always keen to hear from leading authorities wishing to discuss potential submissions, and will give due consideration to any proposals. Please contact the Editor for further details. The 'Instructions to Authors' information is available for download at [www.touchmusculoskeletal.com](http://www.touchmusculoskeletal.com)

## Reprints

All articles included in *European Musculoskeletal Review* are available as reprints (minimum order 1,000). Please contact Cathy Peck at [cathy.peck@touchbriefings.com](mailto:cathy.peck@touchbriefings.com) or T: +44 (0) 20 7452 5286.

## Distribution and Readership

*European Musculoskeletal Review* is distributed quarterly through controlled circulation to senior professionals in the field in Europe.

## Abstracting and Indexing

*European Musculoskeletal Review* is abstracted, indexed and listed in Genamics JournalSeek, Google Scholar, IndexCopernicus and Summon by Serial Solutions.

## Copyright and Permission

Touch Briefings, a Touch Group plc company, is the sole owner of all articles and other materials that appear in *European Musculoskeletal Review*, unless otherwise stated. Permission to reproduce an article, either in full or in part, should be sought from the publication's Editor.

## Online
